

PRICE GUIDE FOR CALL FLOW BROADBAND AND TELEPHONY SERVICES

Prices effective from: August 2020

The Price Guide forms part of your Agreement with Call Flow and sets out Call Flow’s current pricing information in four sections:

- The **monthly tariff** and one-off **activation fee**.
- **Usage charges** (billed after use).
- **Other charges** such as early termination charges, engineer visits, and non-standard installation charges; and optional services and features that can be added to your package.
- **Telephony services charges**.

Please note that for **Home Services** VAT is **included** in the charges if required and is applied at the UK standard rate in force unless otherwise stated. For **Business Services** the charges **exclude** VAT.

1. MONTHLY TARIFF AND ACTIVATION FEE

- Your monthly tariff and activation fee at the time your Agreement commenced is set out in your **Service Confirmation**.
- The monthly tariff is billed for the month ahead unless we say otherwise, and the activation fee is added to your first bill.
- The monthly tariff applies for the entire duration of the **Minimum Term** you have agreed to stay with us. After this period, it may revert to the current rate set out in this **Price Guide**.
- The monthly tariff may include **Offer Terms** for a defined period where applicable, which are also set out in your **Service Confirmation**.
- The monthly tariff may increase in April each year by a percentage equal to the Retail Price Index (RPI) data for January of the same year.

Fibre to the Premises ‘FTTP’ – Home Services

- **Prices updated: August 2020**
- All contract lengths are 18 months unless otherwise stated.
- Orders include our modem and wireless router with free delivery.
- Call Flow Services supplied using FTTP do not require a home phone line, but you may wish to take a phone service from us. Please see Section 4 for current line rental and other telephony charges.
